Dr 2864 I 2864 I 27.9.27

Office of the Chief Conservator of Forests, Chepauk, Madras-5

Ref.No.7044-B2-26

From

R.D.Richmond Esq., I.F.S.,

Ac.Chief Conservator of Forests,

Madras.

To

The Secretary to Government,

Development Department

Thro' the Accountant General, Madras.

Subject:-Establishment-Additional clerk-Kollegal Range

Until the year 1922 there were two Range clerks(one permanent and one in the temporary scale) in the Kollegal Range, Kollegal division. As a measure of retrenchment the temporary clerk's postwas abolished with effect from 1-8-2 The Conservator now reports that the work in the Range off has considerably increased since then and has applied for additional clerk.

2. There are three Ranges in the Kollegal division of which the Kollegal Range is the most important one. It contains seven sections and 19 beats and there are nine fuel felling series, six agricultural implement felling series, two bamboo felling series which are worked mostly under the controlled permit system, a system which entails constant issues of permits by the range officer and consequently throws a large amount of work on the range clerk. The proximity of large villages to the reserves makes protection difficult and some 200 offences are dealt with every year

3. In September 1926, Mr.D.T.Barry, Conservator, Fifth Circle submitted proposals for an additional clerk and he was directed to furnish comparative statistics of the six ranges which had already two clerks and to examine the need on tour in Kollegal.

4. The present Conservator(Mr.T.A.Whitehead) inspected the division on 8-8-27 and has furnished the following average figures for the last five years for the Kollegal range and for the Talavadi Range in the South Coimbatore division which has the range clerk.

	No.of papers received.	Disposal files.	Forest offences.	No.of offences sent to court.	Revenue Rs.	Expenditure on sanctioned works Rs.
Kollegal Range	2745/	83/	266/	82/	53,118	[illegible]
Talavadi range	2547/	148	Nil.	Nil	56,[illegible]	37,[illegible]

The revenue of both the ranges is about the same. Talavadi has sanctioned works but Kollegal has far more offences. The Conservator reports that the range clerk works 11 hours a day and not infrequently works at night as well. He states that the abolition of the 2nd clerk's post in 1922 has resulted in serious delay in the disposal of business and strongly recommends that the additional clerk should be sanctioned at a very early date. In the circumstances the Conservator's recommendation is supported and it is requested that Government may be pleased to sanction an additional clerk's post on Rs.60-3-75-4-90 in the permanent scale. The extra expenditure in the current year will be Rs.175 which can be met from the sanctioned allotment under 16.i.District Establishments-pay of establishments."

Letter from the C.C.No.7044-B2-20, dated 13-9-27
Emat. of the A.G. No.F.Kol.8-651, dated 24-9-27

U.S.

Please see the C.C's letter on pages 1-2 c.f. and the A.G's endorsement on page 3 c.f.

para 1 impl c.f.

The C.C. applies for the sanction of the Govt. to employ an additional clerk permanently in the Kollegal range. Until 1922 there were two range clerks in Kollegal range, one permanent and one temporary, but as a measure of retrenchment the post of the temporary clerk was abolished with effect from 1-8-1922. But the work in the range has since increased and in para 2 of his letter the C.C. explains how this range is the most important of all the ranges in the Kollegal division.

2 The statement given in para 4 of the C.C's letter shows the amount of work done in the Kollegal range as compared with that of Tunacadavu range in the South Coimbatore division, where there are two clerks. It is seen from this statement that the number of papers received and the amount of revenue realised in both the ranges are more or less equal. Tunacadavu range has however more sanctioned works than Kollegal and has also a larger number of disposal files, but it has no case of forest offence at all, whereas

2

Kollegal range has a large number of items annually. It would appear that the average work in both the ranges in connection with the abolition of a second clerk's post in the Kollegal range in 1922 is reported to have resulted in serious delays in the despatch of business in the range office and the present range clerk has consequently to work for 11 hours a day and often at night as well. In the circumstances the necessity for an additional clerk for the Kollegal range on Rs 35-60 p.m. may perhaps be accepted. and ~~the proposal may be treated as a Part II scheme for 1928-29. A draft note for the Finance Committee is submitted for approval. If may be sent to Finance for the sanction~~ of the Collector. The Ci. recommends sanction of a permanent clerk. The proposal which is ordered may be treated as a Part II scheme for 1928-29. The concurrence of Finance may be invited.

Though the range has two clerks
